

Minutes
Citizen Advisory Task Force Meeting
Town of Penney Farms

June 20, 2022, 7:00 pm.

1. The CATF meeting opened. A sign-in sheet was handed out and signed by the meeting attendees. Also, an agenda and informational handout were provided. It was also mentioned that the CATF meeting was advertised in the local newspaper.
2. It was stated that the purpose of the CATF meeting is to obtain comments from the attendees on the Town's community and economic development needs and to discuss the funding categories of the Community Development Block Grant (CDBG) program. In addition, the CATF will need to make a recommendation to the Town Council as to which grant category to apply for.
3. Andy Easton stated that the Town is eligible to apply for up to \$600,000 and that the types of CDBG grant categories include:
 - H - Housing (repair/replace substandard housing)
 - NR - Neighborhood Revitalization (repair City infrastructure)
 - CR - Commercial Revitalization (downtown streetscape improvements)
 - Concurrently, with the submission of a grant application in one of the above categories, the City may also apply for funding in the Economic Development category. Funds from this category may be used to provide a new or expanding business with an access road or a water & sewer line extension.
4. The attendees discussed the grant categories in relation to the Town's community and economic development needs. There was general agreement that the NR grant category could be used to improve the Town's water system. The CATF then voted to recommend to the Town Council, that the Town apply for a CDBG-NR grant to address water line replacement needs.
6. There being no further comments, the public hearing was closed.
